

EOL – End of Life Notification

Taoglas Product EOL Announcement signifies that the products listed below have entered the final stage of their Product Life Cycle – Taoglas announces the EOL initiation for the listed models below, with the intent to discontinue their availability.

Affected Products

Internal GPS - Active Patch Modules	Part# (Old)	Alternative Products
Internal GPS	AP.12B.07.0076A.de	AP.12B.07.0045A or AP.12F.07.0046A

EOL Timeline

Stage 1 Announcement	Stage 2 Last-Time-Buy	Stage 3 Last Date to ship
19/09/2012	30/09/2012	31/10/2012

Reason: this product was a solution for 1.8V – the original AP.12B (back end SAW Filter version) has an improved wider Input Voltage 1.8V~5.5V, and the new AP.12F also has a wide Input Voltage 1.8V~5.5V, so these products can be used for 1.8V.

In order to fulfil your requirements beyond the products discontinuation, we invite you to evaluate alternative Taoglas products. Suggested alternative products are listed above, please do not hesitate to contact one of our Sales Offices to assist you with finding the best alternative for your application, or if you have any questions or need further assistance.
