

Watson Series

Part No: MA2332.A.001

Description

Covert Triband Transparent Film Antenna covering 150-900MHz)

Supplied with 330mm RG-316 and SMA(M) Connector

Features:

Low-Profile, Covert Film Antenna

Tri-Band Support: 150 MHz / 450 MHz / 700 MHz

Durable ABS+PC Enclosure

Designed for Heavy-Duty Vehicles and Equipment

Integrated 3M VHB Adhesive Mounting

330mm / 13" Low-Loss RG-316 Coaxial Cable

SMA(M) Connector (Custom Options Available)

Compact Dimensions: $562 \times 70 \times 16.7$ mm

Suitable for OEM Automotive, Trucks, RVs, Motorcycles, and Machinery

Manufactured in TS16949 Automotive-Approved Facilities

RoHS & REACH Compliant

1. Introduction

The Taoglas Watson Series MA2332 is a next-generation, high-performance, low-profile triband film antenna, designed for demanding automotive and heavy equipment applications. Housed in a robust ABS+PC enclosure with an internal PCB, the MA2332 delivers reliable performance across the 150 MHz, 450 MHz, and 700 MHz frequency bands. Its compact, covert design ensures seamless integration into modern vehicles without compromising durability or RF performance.

Certified to the stringent TS16949 automotive quality standard, the MA2332 is approved for OEM deployment and meets the rigorous requirements of heavy-duty truck and equipment manufacturers.

This makes it the ideal solution for:

- OEM automotive platforms
- Heavy-duty trucks and plant machinery
- Recreational vehicles (RVs)
- Motorcycles
- Specialized and industrial equipment

The antenna includes a 330mm (13") low-loss RG-316 coaxial cable terminating in a SMA male connector as standard. Custom cable lengths and connector configurations are available upon request but a cable assembly with SMA(F) to QMA(M) is advised for use. For tailored integration options, please contact your local Taoglas support team.

2. Specification

VHF		
Band	153 - 174MHz	
Gain (dBi)	2.0	

UHF		
Band	450 – 512MHz	
Efficienc y (%)	41.7	

Public Safety P25		
Band	700 – 800MHz	
Efficienc y (%)	67.5	

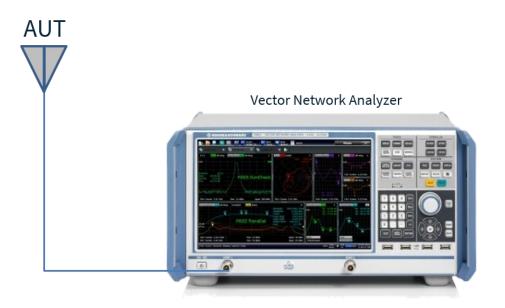

Mechanical Mechanical		
Dimensions	562.35 × 70.00 × 16.70 mm	
Cable	RG-316	
Connector	SMA(M)	
Housing Material	ABS/PC	
Adhesive	3M VHB 5952 on Housing	
Weight	130g	
Cable Pull Force	15N	

Environmental		
Waterproof	IP41 (Internal Installation Only)	
Storage Temperature	-40°C to 85°C	
Operational Temperature	-40°C to 85°C	
Thermal Shock	IEC 60068-2-14	
Humidity	Non-condensing 65°C 95% RH	

3. Antenna Characteristics

3.1 Test Setup

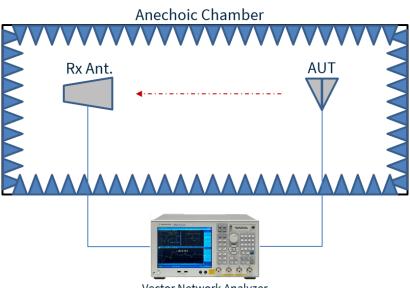

VNA Test Set-up

Test Setup

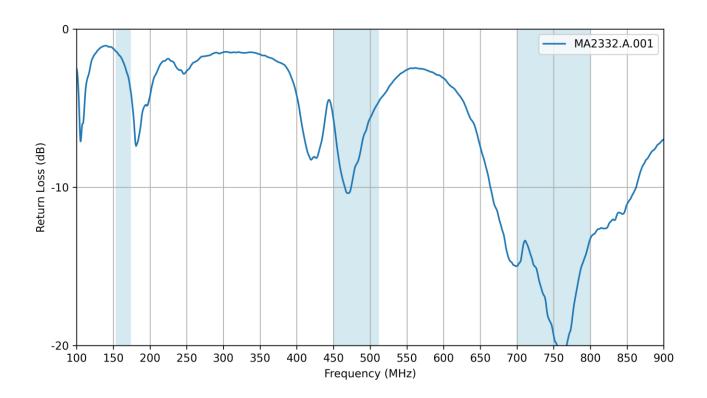

Vector Network Analyzer

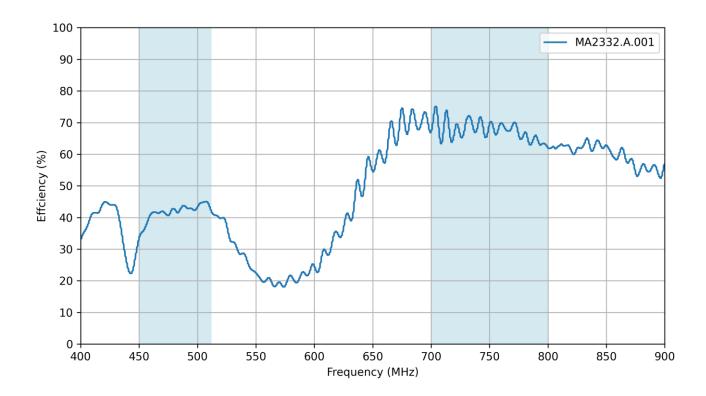

Chamber Test Set-up

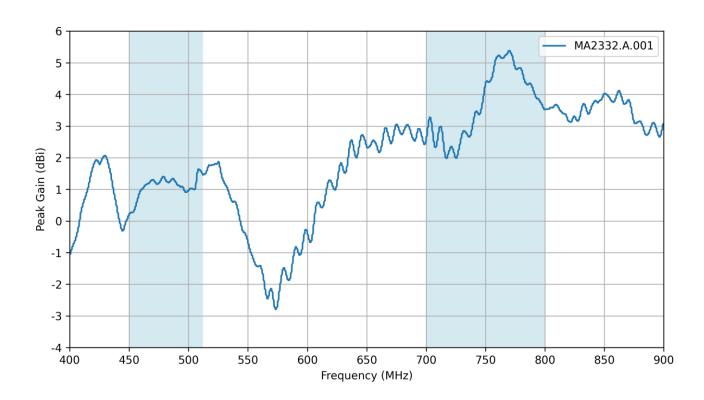

3.3 Return Loss

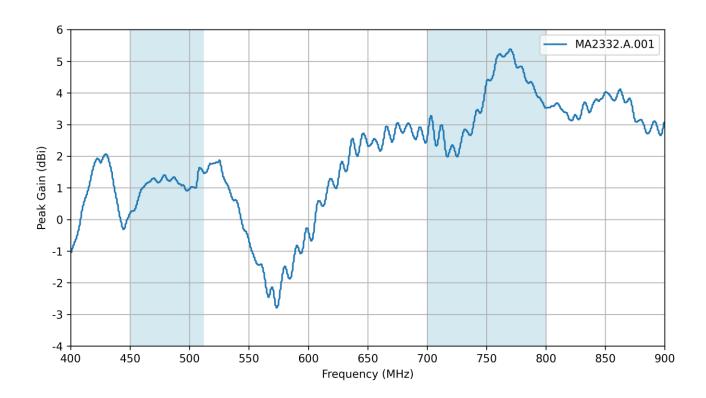

3.4 Efficiency

3.5 Average Gain

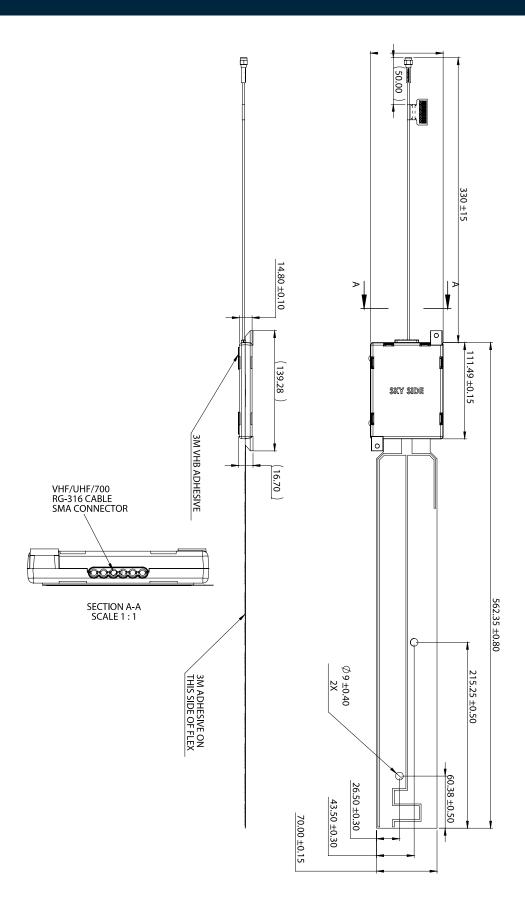

3.6 Peak Gain

4. Mechanical Drawing

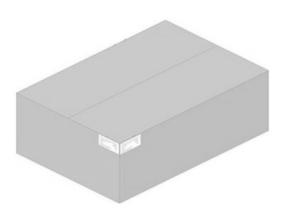

5. Packaging

☑ 1 PCS / PE bag

☑ Weight (Kg): 0.13 ±3%

☑ SPQ Label

☑ 100 PCS / Carton

☑ Carton(mm): 745x518x256

☑ Weight (Kg): 14 ±3%

☑ Carton Label
